

# Drop-In Hours!

Curious about the Center for Disability & Access (CDA) and how we support students? Stop by our drop-in hours to learn more in a relaxed, informal setting!

Drop by to chat with a Peer Mentor – a fellow student who can share firsthand experience and insight into how the CDA supports students.

We can talk about:

- How accommodations are requested and implemented.
- Tips for self-advocacy.
- Making the most of your resources.
- Strategies for academic and personal success.

All students are welcome to come learn more – no appointment necessary!
