Volunteer Opportunity!

Do you have an interest in connecting to your community and helping neurodivergent learners? We are excited to participate in the **Eye to Eye program** that helps connect U of U student mentors with elementary aged neurodivergent learners by participating in a weekly art room. The school-based program is designed to build critical social emotional skills that improve the educational experience and outcomes of students who learn differently. We are currently seeking Chapter Leaders to lead the art rooms as well as Mentors. Program starts in January but training to be held in the fall. To learn more contact Shalyse.McKnight@utah.edu.
